ALL GRAPHIC TABLETS BY WACOM

FROM 1984 TO 2019

MODEL NUMBER YEAR TECHNOLOGY SPECIFICATIONS PICTURE NAMES

wacom®

INTRODUCTION

2

//// - - - -| INTRODUCTION

«You notice model numbers like PL, DTI, DTU, DTF are here in that list. These letters are used for tablets dedicated to the world of education, entreprise and digital signatures.»

Here's a list of all model numbers used by Wacom to classify its tablets.

The first letters are important because it defines the technology of graphic tablet. The list mixes old and recent technologies. By example, Graphire is an old consumer tablet appeared before Bamboo.

CT : PenPartner
CTE : Graphire4, Graphire3, Graphire Wireles, BambooFun
CTT/CTL/CTH : Bamboo Touch, Pen and Pen&Touch, Intuos Pen, Intuos 2013, Intuos 2015
DTF : DTF-510, DTF-521, DTF-720
DTI : DTI-520
DTU : DTU-710
DTZ : Cintiq 21UX
DTK : Cintiq 13HD, 21UX, 22HD, 24HD, 27QHD, Wacom Cintiq
DTH : Cintiq 13HD touch, 22HD touch, 24HD touch, 27QHD Touch, Cintiq Companion, Cintiq Companion Hybrid, Cintiq Companion 2, Wacom MobileStudio Pro

ETA : Graphire2
ET : Graphire
GD : Intuos (old tablet)
KT : ArtPad
MTE : Bamboo
PL : Cintiq 15X/Cintiq 18SX/PL ranges
PTU : Cintiq Partner
PTZ : Intuos3
PTK : Intuos4 / Intuos5 M
PTH : Intuos 5 Touch, Intuos Pro
SD : SD ranges
UD : ArtZ, ArtZ II, UD Series
XD : Intuos2

/////

More Informations

«Here is a exhaustive list of all graphic tablets manufactured by Wacom. It starts with old models. Before ArtZ and Ultrapad Digitizer ranges you can see different ranges like WT, SD and 460M.

The letter «R» at the end of the model number means graphic tablet works with a serial connexion. Letter «A» means an ADB connexion (old Apple connexion). Letter «U» is for a USB connexion. Remember : USB connexion appeared in 1996 but really in 1999 with the B&W G3 by Apple. The world of PC adopted USB very later.

Numbers 0608 or 1218 means the size of the tablet. 0608 means 6 by 8 pouces.

OLD GRAPHIC TABLETS

Artpad : KT-0405-R / KT-0405-A ▷
ArtZ : ??? (or KT-0608 as ArtZ II) ▷
ArtZ II : KT-0608-R / KT-0608-A / UD2-0608S-PC
ArtZ II : KT-1212-R / KT-1212-A
ArtZ II : KT-1218-R / KT-1218-A
ArtZ II : KT-1825-R / KT-1825-A

Ultrapad : ????? ▷
Ultrapad Digitizer II A5 : UD-0608-R / UD-0608-A
Ultra Digitizer II A4 square : UD-1212-R / UD-1212-A
Ultrapad Digitizer II A3 : UD-1218-R (adb ?)
Ultrapad Digitizer II A2 : UD-1825-R (adb ?)

PENPARTNER (old + new version): A6 / USB SERIAL ADB ▷
Penpartner : CT-0405U / CT-0405R / CT-0405A
Penpartner (second version) : CT-0405U
Penpartner 2 : CT-0405U

Bamboo Special Edition M : CTH-661SE (+country abbr)

«The letters HD means High Definition (resolution begins at 1920x1080).
QHD means Quad High Definition : 2560x1440.

Letter «H» in DTH means graphic tablet has multitouch capabilities. You can use your pen and your fingers on active surface when multitouch is actived. DTK means there are not multitouch technologies.

The numbers 1300, 2200, 2400, 2700 means the display size : 1300 for 13 pouces, 2200 for 22 pouces, 2400 for 24 pouces, ...

For Cintiq 12WX and Cintiq 20WSX, the letter «W» means Wide. When these models are unveiled by Wacom the display size 16:9 began to become a standard size. Wacom uses the letter «W» to indicate this new size with a bigger width.

Graphire 3 A6 : CTE-430
Graphire 3 A5 + Graphire A5 Silver : CTE-630

Tous

For the first time Wacom unveils a graphic tablet with wireless connexion : Graphire Bluetooth A5. The letters «BT» means Bluetooth. Even the form factor of this model never changed, the number model indicates that Wacom sold three models, CTE630BT, CTE-630BT2 and CTE630BT3.

The first professional models Intuos 1, 2 and 3 were edited with multiple A4 and A3 versions. Some models were associated to a specific mouse.

The Intuos 3 range is completed by multiple «wide» version. These models appeared after classic version. The display size 16:9 became a standard for laptop screen and monitors. Wacom changed classic size (A6, A5, A4, A3) with a bigger width to avoid distortions on 16:9 screens.

Graphire 4 A6 : CTE-440/S-CL / CTE-440/S-ST (Studio)
Graphire 4 A6 : CTE-440/S-ST2 (Studio)
Graphire 4 A5 : CTE-640/S-CL (XL) / CTE-640/S-ST (XL Studio) / CTE-440/S-ST2 (XL Studio)

//// More Informations

After classic size and «wide» size Wacom changes the name of the size for the Intuos 4 range. Small, Medium, Large, XL are the new names to define new different sizes of active surface. Width are bigger than previous model but the active surface's height loses some millimeters.

No model XL for Intuos 5.

In 2013 Wacom changes names for consumer and professional graphic tablet. Bamboo becomes Intuos and professional Intuos become Intuos Pro.

Volito was an old first priced tablet only working for PC.

Introduction

Next pages are an exhaustive list of all graphic tablets by Wacom. These tablets are classified by year.

At the end we added some tablets not unveiled in Europe or sold later like bundles (Favo Comic Pack), branded tablets (Hello Kitty Edition), tablet for emerging markets (One by Wacom) or tablet with missing colors (different Bamboo).

Concerning old tablets you notice sometimes model numbers are written in red letter. It explains by the fact we are not sure of the right number.

«?» indicates we have no information about right size and name about that tablet.

Concerning dates and years of old tablets this book chose informations in french and european Wacom websites. We notice dates change in japanase website. WT-460M was announced in 1986 (we wrote 1987) and Ultrapad series in 1992 (we wrote 1993) by example.

WT A? ????
WT 4400SE A? ????
460M A? ????

Resolution : 1016 lpp
Pen : 2 Buttons
1 Mouse with 2 Buttons
(only Volito1)
Connexion : Usb

//// More Informations

Volito is the first priced tablet only for PC market. Low price and low technologies. The Pen has no pen tilt and no eraser.
The resolution is very low.
The first model looks as a Graphire and the second model features more elegant contours. A mouse is associated to the first model, but it's not the case for the second Volito. But the quality of the pen's Volito 2 is better.

1 Touch Ring
1 Pen Stand
Connexion : Usb

///// More Informations

Bamboo range replaces Graphire range. More resolution (same than Intuos 2 range) for this model with a new and elegant design.
This graphic tablet is not intented primarily to digital artists.
Touch Ring appears for the first time.
ExpressKeys's settings work with one choice.
Bamboo and Bamboo Fun are almost the same tablet. This range is for consumer market.

2007 BAMBOO ONE
A6 CTF 430/S

///// **TECHNICAL** details

Size : A6
Levels of Pressure : 512
Resolution : 1040 lpp
Pen : 2 Buttons
Connexion : Usb

///// **More Informations**

Bamboo One belongs to the new range called Bamboo and this is the first priced tablet. One size : A6. Little resolution. A fat pen with 2 buttons but no eraser. No ExpressKeys on tablet. No mouse.

<II <I2

2007 BAMBOO FUN

wide A6 CTE 450/W
wide A6 CTE 650/W

TECHNICAL details

Size : A6 A5
Levels of Pressure : 512
Resolution : 2540 lpp
Pen : 2 Buttons
Eraser
Nibs for pen
4 ExpressKeys
1 Touch Ring
1 Pen Stand
Connexion : Usb

More Informations

The range is available in 2 model's sizes : A6 and A5 Wide (letter «W» in CTE 450/W means Wide). Like Bamboo,
the resolution is the same than the old graphic tablet for professionals, Intuos 2.
The Pen has 2 Buttons, an eraser and the active surface recognizes 512 levels of pressure but not a pen's tilt.
The differences between this model and the Bamboo are the Eraser with different levels of Pressure and the ability to customize a context menu with the driver.

///// More Informations

This graphic tablet is for emerging markets.
One by Wacom is a Bamboo Pen 2011
without multitouch, Expresskeys and the pen has no eraser.
There are two sizes, Small and Medium.
In Europe these first priced graphic tablets are sold through on line private sales.
A few years after a second model is here with a not really different design. With red and black colors.

More Informations

///// **More Informations**

**This picture is an history of opaque pen tablets from 1998 to 2019 (August).**

Its begins with first Intuos range for professionals in 1998 and with Graphire range for consumers in 1999.

If name «Intuos» never changes until 2013 to become «Intuos Pro», the consumer tablet's name evolved. After «Graphire», and «Bamboo» its name become finally «Intuos» in 2013.

In 2013 the both ranges (consumers and professionals) are called by the same name, «Intuos».

Consumer tablets take the name of professional tablets, «Intuos», and «Pro» is added to the professional tablets's name that are called now «Intuos Pro».

«Special Edition» models and «Wide» versions of all entire Intuos3 range are not here in this history.
